

**REMOTE MOUNT COMBINATION
LED BEACON/STROBE KIT**

The **Code Blue Remote Mount Combination Blue Beacon/Strobe** option provides a highly visual constant LED beacon and a powerful activated strobe for rapid recognition of the unit location.

The **Remote Mount** kit allows for a wall or pole mount placement for maximum effectiveness as well as optimizing installation cost.

**STANDARD FEATURES**

- ▶ Suitable for indoor or outdoor use
- ▶ Low voltage LED combo strobe standard
- ▶ Heavy duty stainless steel mounting kit
- ▶ Pole adapter bracket and banding included in mounting kit
- ▶ Electrical enclosures and gaskets for weather resistant installation
- ▶ Polycarbonate refractor with prismatic design to distribute light in a horizontal pattern
