

CB 4 PEDESTAL MOUNT OPTION

The free-standing **Pedestal Mount** is designed to be used with the CB 4 series housings. Ideal for drive up or walk up applications, the free standing pedestal is constructed of 1½ inch diameter, schedule 40 steel tubing with a powder coated black finish. The 7 inch round footing can be deck or concrete mounted through the four mounting holes. Backing plate has four mounting holes to accept the CB 4 housings.

STANDARD FEATURES

- ▶ Welded, steel construction
- ▶ Pre-drilled backing plate and footing pad
- ▶ Black powder coat finish
